ARCHIWARE

Archiware joins forces with LumaForge and Backblaze at IBC Show 2019

Archiware, manufacturer of Archive and Backup software for the Media & Entertainment industry, showcases its latest advancements at the IBC 2019 in Amsterdam from September 13th - 17th. Highlights include a preview of Archiware P5 version 6, new integrations with KYNO by Lesspain Software, EditShare and Quantum iBlade Libraries, as well as live product demonstrations. Trusted partners LumaForge and Backblaze join Archiware at its booth 7.D35.

Munich/Amsterdam, September 2019 – The International Broadcasting Convention is the leading European tradeshow for media, entertainment and technology professionals. This year, Archiware demonstrates its newest developments for the Archiware P5 data management software suite and Pure VMware Backup. Highlights include:

- Archiware P5 version 6 with a new interface design and an advanced technology base
- Support for Cloud import services (Backblaze Fireball, AWS Snowball)
- Compatibility with QNAP, Synology and NETGEAR
- A new version of Archiware Pure VMware backup, now running on Linux, QNAP, Synology, NETGEAR, and Lumaforge

Archiware is proud to be hosting trusted partners **LumaForge** and **Backblaze** at its booth 7.D35. Combined with P5's cloning, backup and archive functionalities, LumaForge Jellyfish Shared Storage solutions now offer built-in data security. Backblaze B2 cloud storage and Archiware P5 provide a scalable and efficient solution to secure data to the cloud, while saving hardware and administration costs.

A record number of 34 Archiware hardware and software partners are exhibiting at the IBC 2019, including new MAM solutions with **KYNO** by **Lesspain Software** and **EditShare**. To demonstrate compatibility in a live environment, Archiware presents numerous partner integrations at its booth:

- ATTO's ThunderLink Thunderbolt to FibreChannel converter
- Quantum iBlade Library
- mLogic mTape
- Lumaforge Jellyfish
- Sonnet's Echo 11 Thunderbolt 3 Dock
- Spectra Logic's Spectra Stack Library
